<b>Do you have any feedback or comments that would help us improve? This might include about homework, online learning or any other general comments.</b>	<b>See below</b>						

Percentages may not add to 100 due to rounding.

Sample comments made by parents	School reply
<ol style="list-style-type: none"> <li>1. <i>School is desperate for a communications officer- they staff do an incredible job. But the biggest complaint from parents is lack of communication, really think the school need to assess this.</i></li> <li>2. <i>Staff need to be better educated on neurodevelopment disorders.</i></li> <li>3. <i>Both my children love school and their teachers and have lots of friends</i></li> <li>4. <i>More notice about event where parents would need to take time off work. Parents evenings and sports days etc. It would easier to use parent pay for after school clubs and snack money.</i></li> <li>5. <i>Academically Bruche has always been strong. It has been fabulous to see Bruche leading activities like the jubilee celebrations which were spectacular and running a sports day as we come out of covid. Engaging the children and families is what makes Bruche part of the community and extra special. Thanks to all the team!</i></li> <li>6. <i>Excellent school, so pleased my kids go there. Strong, thoughtful leadership</i></li> <li>7. <i>Would like more updates of my child's process and would like to know what she's learning in class.</i></li> </ol>	<ol style="list-style-type: none"> <li>1. <i>Many thanks for your comment. Currently we communicate with parents in the following ways; School website, text messages, emails, school newsletter, twitter, podcasts, phone calls and Facebook (from September). School have already appointed someone who will work closely with parents and families. They will take up their post in September.</i></li> <li>2. <i>Thank you for your comments. All staff working with children have had training in neurodevelopment. We can't be specialists in this but do always look to external agencies to support us with meeting the needs of all children.</i></li> <li>3. <i>That's lovely to hear – we are really pleased they enjoy coming to Bruche and have lots of friends!</i></li> <li>4. <i>Many thanks for your feedback. We will certainly look into how we use ParentPay moving forward. We always try to give parents as much notice about events at school but sometimes it's no possible due to other circumstances. It's really important that everyone reads the school newsletter each week as this is where we inform you of upcoming events like parents evening. For example On 4<sup>th</sup> February we sent the school newsletter home informing all parents that parents evening would be face to face and take place on week commencing 7<sup>th</sup> March.</i></li> <li>5. <i>Many thanks for your feedback. It's lovely to hear you enjoyed the Jubilee celebrations. We are planning to invite parents into school much more next year.</i></li> <li>6. <i>Many thanks for your feedback. We're glad you and your family are pleased you come to Bruche!</i></li> <li>7. <i>Many thanks for leaving feedback! At the moment parents have three reports sent home each year (interim reports are sent home in the Autumn and spring terms and the final statutory school report in the summer term). There are also three parent's evenings each year (one in each term) for parents to discuss their child's progress. Over the next couple of weeks we are going to do an audit of our MAT schools and schools in our local area on the kinds of information they send home about children's progress to see if there is anything else we can do to update you on your child's progress. If you have any ideas on the kind of information you would like sending home please let us know.</i></li> </ol>

	<i>We plan to send out maths and English future learning though a package called schoolonline. This will enable parents to see what their child will be doing in the coming weeks and also support them in any pre teaching.</i>
